Smith added in her interview: "I want Hillary to talk to me personally, and tell me why there was no security there, when they were asked for it. I know this, because I spoke to my son. That day, he says he was really scared, because he saw the 17 people — 17 November, whatever it was, that they were walking around taking pictures. And he was afraid. He says it didn't look very good. And he was afraid. And that he asked for security, and he was turned down."

This must be a mean joke we're having that kind of liar as a possible president. Even understanding that most liberals are brainwashed I just don't get it - how can a politician caught in a lie of that scale still be trusted by electorate? One must be totally insane to follow THAT kind of leader. Patricia's son is an American hero and his blood is on Hillary's hands.
